◆ I had heard that great thoughts of great people have blown life even in stones. Maitree Samooh has done the same with us. Where as the excessive stress on

scientific outlook and the trends to day are taking us away from spiritualism, Chirping Sparrow and specially its column Truth About Tradition based on science helps us to get acquainted with the actual fact. Not only me but also some of my friends have benefited themselves from your news letter It has inculcated in us an optimistic, positive outlook and faith in spiritualism.

◆ "Spirit is yours and words are mine, I am writing this letter while remembering the past time. "Chirping Sparrow" is marvellous in its contents. This sparrow is knitting all in thread of love and affection. Being a part of Maitree Samooh fills me with a confidence to keep on going ahead, to get my aim and desire to be wholly completed.

◆ Chirping Sparrow : A Talisman A Source of enlightenment you are, Art of Jain ethics you are, You keep me conscientious, You keep me aware, You act as a guiding light, when in darkness I stare, You act as a driving force, You popularise the notion, that be always at work, never cease motion, You exemplify stalwarts, you give us fuel in our lamps, you give us courage, when we're scared by ramps Dear chirping sparrow, You are simply... A Talisman

◆ I have been reading current issue of chirping sparrow. The current issue highlighting the achievements of young student's is quite inspiring. I really keep on waiting to receive the new issue of this valuable, interesting and motivating newsletter. I wish that this should be published in each & every month. I would also suggest that this may be put-up on internet across the globe
